

LETTER OF RECOMMENDATION

It is a pleasure to write a letter of recommendation for Mr. [REDACTED] I have tutored her for two years, where I taught him Microprocessor and Microcontroller in III rd year and Embeded System in the Final year. He is quite ambitious and career driven. He works hard to achieve his goals and is committed to his work. He is very interactive in the class and endorses the discussions with cogency and natural ease.

Mr. [REDACTED] is blessed with the positive attitude due to which he has always excelled in academic activity and otherwise. He is highly disciplined, sincere and has pleasing manners. He has the capability to complete assigned tasks with minimum guidance that makes him intellectually independent. Constantly he has maintained a high grades in academic. I'll rate him in the top 5% amongst approximately 70 students in the class.

He had presented a seminar on "MOBILE JAMMERS WITH LATEST TECHNOLOGY" during his final semester in B.Tech. He presented it with confidence and in a lucid manner. I graded him 46/50. His proficiency in his subjects and English shows that he has the potential to be a good teacher.

I have a strong opinion that he has incorporated the right aptitude to do well in Graduate studies and hence strongly recommend him for an admission as well as all the necessary financial assistantship.

I wish him grand success in all his future endeavors.

Sincerely,

[REDACTED]
