To Whom It May Concern

I take immense pleasure in endorsing the candidature of **Mr. Pavleen Singh Bali** in applying for admission to the Master's program at your prestigious University.

My assessment of Pavleen is inclined to assist the evaluation process and thus comprises of vital information relevant to his academic term under my guidance. He possesses very good mathematical and analytical skills. He participated in numerous events in technical fests, and has always stood pre-eminently in ideas, concepts and technical knacks. Perseverance, sincerity and thirst for knowledge have always been the hallmark of Pavleen's personality. Moreover he is doing his graduation under **100%** scholarship award in Amity University due to his excellence in the field of academics with the **CGPA of 9.04/10**. In addition to this Pavleen is the **Silver Medalist** of his ECE **Batch, 2011-15**. I find him very zestful, ambitious and driven by a passion for quality. He has a great zeal for higher academics as well.

Pavleen has propensity for inter-disciplinary academics. Along with studying the modules of his curriculum, he thrived to read widely and went deep into the ramifications of the theories and concepts, attesting his industrious approach towards his academics. In addition, his diligence and pragmatic analysis represents his competency towards explorations. Pavleen's work on the novel ideas "**Gyroscopic multi-movement ducted propeller for aircraft – (National Patent Application No. 3221/DEL/2014, dated 07 Nov 2014)**" and "**Intelligent Traffic Monitoring System – (Amity University Patent Application No. CRN 1227)**" shows his out of the box thinking and keen interest in innovation and technology, due to which Pavleen has received a **Research Fellowship for 12 months** in Amity University, after his Graduation.

Pavleen is an exceptionally good organizer and a team leader as was portrayed during his tenure as the organiser of various excursions and events at the University. He is very good at literary too which I got to know when I saw his endeavors as the **co-editor** of the college newsletter. He also founded the **Social Care** a non-profit society of the University dedicated for social help and awareness among the people which reflects his loving, caring and divine attitude towards the society.

I am sure that Mr. Pavleen Singh Bali will meet the requirements of your stringent selection process and make your University proud. Hence, I strongly recommend him to be considered as a potential candidate for admission to the master's program in your esteemed University. I wish him the very best for all his future endeavours.
