Introduction

Welcome to the Scholar Package Handbook. Firstly our heartfelt thank you for your interest in enrolling for the Scholar Packages. We can't wait to have you onboard and see you through the application process. We understand that handing over the control of your application process and trusting us with your future is not easy. We wish to help you make this decision by providing all the necessary information that you may need via this e-book.

This e-book explains all the major steps which we go through during the course of your application process with us. We try to keep your involvement minimal so that you can focus on your tasks at hand. But our real goal is to find you the best university admission that your profile can possibly get.

Since this is a big investment for you, please go through the details carefully and feel free to contact us for any further clarification.

Post Enrollment Process

Your journey to the "Land of Ideas" begins here! Don't worry, you're not alone. We will walk this journey alongside you.

Immediately following your order, please expect these 3 emails:

Invoice Copy

✓ An invoice copy including all the purchase details.

A Welcome Email

✓ A welcome email with link to submit all your profile details.

Orientation Session

✓ A meeting request to choose a slot for the orientation session.

Document List

You will receive a detailed list along with samples of all the documents which needs to be prepared for your application process. Our support team will discuss with you about the format, number of copies, attestation and notarization requirements for each document.

IELTS/TOEFL/GRE Exams

This is not in the scope of the package but we would be happy to help you with some of the training material for these competitive exams.

CV

Preparation

The first step towards your documentation is the CV Preparation in European Format. Important aspect here is to create an "Academic CV" which adheres to European standards while not copying the format from Europass website. Once prepared, this would be the basis for all the other documents.

LORs

Preparation

The LORs number, format and the content needs to be determined depending on your work experience and the target courses. We will have a detailed discussion about this and prepare your LORs early in your application process so that you have sufficient time to get them from your recommenders.

SOP Preparation

This is probably the most critical document in your application process. Imagine one week full of discussions, back-and-forth message or email exchanges and a perfectly crafted SOP based on your feedback! But, this is only a basis for all the individual SOPs we are going to prepare for each specific university and course.

University Shortlisting

Typically, this is done in parallel to the document preparation. Depending on the package you choose, we would come up with a list which is a balance between your wildest ambitions and achievable admits. We take into consideration all your profile details and preferences. Our suggestions will also be based on our experience in successful shortlisting done for hundreds of students in the past.

University Applications

German Universities never fail to surprise us with new set of application rules, VPD requests, updated LOR formats or change of deadlines. We have got you covered with all these matters and make sure that your involvement is minimal. But we would inform you about before taking any action on your behalf.

Application Tracking

A (2-4 months) long pause in your life. This is how it feels like waiting for universities to respond. Meanwhile, universities might request additional information, or to resend some information or to upload more documents etc. We are vigilant to track any such requests, meanwhile, constantly refreshing our mailbox for that ONE EMAIL that would change your life for the better.

Your first Admit!

There is nothing that can beat that joy of receiving the first admit from a German university. No one has witnessed us better than us. We will celebrate this with you, by sending a small gift of our own!

Education Loan

One way we stand out from any other consultancies in simplifying your application comes in the way of our partnerships with best service providers in the market. We have handpicked the most student friendly options. We will try our best to get you the cheapest interest rates and additional benefits from HDFC Credila as long as your profile suffices the loan requirements.

Blocked Account

Fintiba is by far the most preferred method for the blocked account in Germany. Applying thorough us ensures that you get your blocked account opened within 2-3 working days without the need to send any hard copies. The money transfer to this account can be facilitated by our another partner Cox & Kings and you will receive the confirmation within 48 hours of funds transfer.

Health and Travel Insurance

Our platform currently offers services from Coracle and BestCares, which both provide online application process for TK Health Insurance and a FREE 6-month Travel Insurance. Since we would already have all the necessary information. Our system will automatically take care of the insurance applications and you would receive the confirmation letters on your email.

Flight Booking

This is a step where you would receive the information about the best offers where the additional baggage allowance for students is provided by certain airlines. Most importantly, we would also help you connect with other students travelling to the same university, so you can book your flights together.

German Student Visa Application

Visa Interview is all about booking slots in advance, getting the right documents together, and preparing for some of the most commonly asked questions. Although, at this moment, we don't have support for slot booking, we certainly help you by letting you know in advance so that it wouldn't be a big issue. Also, we do mock interview rounds over a telephone so that you are well prepared for your VI.

Travel Card and Cash in Euros

The travel card and the Euros in cash will be delivered to you via our partner Cox & Kings. They are the best in the market and provide free travel card for our students. Moreover, you will receive support from our team as well as from our partners in case you need any additional help.

Shopping

We are currently working on making an 'ultimate travel kit' for students which includes all the essential items. We would share the list with you and you can choose to pick the individual items or buy the entire kit as a whole.

Airport Pickup and Accommodation

Most of the universities arrange for the Airport pick-up if you write them an email in advance. However, one last point of bother is the Accommodation. Although we do not offer any guarantees, we can help you search for accommodation through our network in Germany. If possible, we might also bring in an additional partner who can help you find accommodation in major cities.

Our Commitment

We take pride in being one of the best online platforms for MS in Germany aspirants and we are humble enough to admit that we are quite new into the traditional consultation services. But there is no denying the fact that we are the best at what we do. From the moment you pay for the package, we consider it our duty and obligation to do everything we can to get your dream admits. This is our commitment!

Refund Policy

Although money helps us run the operations, your satisfaction gives us the motivation to keep building. We wouldn't want the one without the other. If we fail to meet your expectations, just let us know within a month's time. We refund 100% your money.

Note: The refund will NOT include the GST amount.
